### Superintendent's Highlights

1996-97 saw Wilder take top honors in the state Business Professionals Association and auto mechanics' competition.

We completed our second year of district wide achievement testing and found good results of our focus on reading improvement.

Our experiment at taking days at the end of the school year to analyze district test results proved quite successful. We were able to make better informed decisions about improving our curriculum and instruction, and we were better able to group and schedule our students for summer school and the upcoming school year.

### Progress Towards Meeting District Goals

#### 1996-97 Goals

#### Progress

All Wilder students will demonstrate the basic skills competence necessary for passing each grade level within the Wilder achievement-based curriculum

Grades three through eight met their performances standard in reading this year. Grades three, five, six, seven, and eight met their performance standard in mathematics.

All graduates of Wilder High School will be competent to enter the work force and/or enter post-secondary educational institutions and be successful there

Seventy-one percent of the graduating seniors this year will be attending post-secondary schools. All those not attending school are currently employed.

All of the students who start and finish their schooling in Wilder School District will graduate

Wilder continues to maintain its below 5% dropout rate in spite of our over 90% at-risk population.
